## THE STORY OF OUR NEW EXTENSION A LEGACY IN THE MAKING.

In 2015 we started the long journey to achieve our dream and vision of significantly increasing the capacity of the centre, so that we could provide you with modern, quality, and meaningful facilities that would complement the existing facilities.

After the initial campaign failed, to access the capital from the sale of the former bowling club and tennis courts, we embarked on what would be a challenging, but ultimately rewarding, 10 year effort to obtain the funding to realise our vision.

The first 3 attempts to obtain the funding took us on a rollercoaster ride of emotions, where twice we reached the stage two phase of the process, only to fall short.

In 2023 we hit the jackpot, with around a £2 million capital grant from the Scottish Government, and the remainder of the £4 million pound extension being contributed by Aberdeen city council.

In May 2025 we witnessed the first cut of ground taking place, for what would be a 12 month construction period that ended on 5<sup>th</sup> June 2026. With the centre opening on 29<sup>th</sup> June, Aberdeen's busiest, largest, and most successful centre enters a new phase of delivering services of excellence, that make the most profound difference in the lives of some 3000 users.

Inchgarth has contributed £120,000 towards the project, that will rise to £150,000 by the end of 2026,

This has been a colossal success story, not only for the centre and our community, but the city of Aberdeen where people come from all over the city to access our services and activities.
